

# Keyless Mechanical Lock Servicing

## Class - June 12, 2010

Location: Residents Inn, Livonia  
7250 Fox Drive  
Livonia, MI 48152

**June 12, 2010 – Keyless Mechanical Lock Servicing** - The student will learn the proper terminology, function, application, installation and service of keyless mechanical locks. The major brands of Keyless mechanical locks include Simplex/Unican, Preso-Matic, Digital Door Lock Systems, Supra, as well as various brands of keyless padlocks and cam locks will be emphasized. You will become familiar with mounting characteristics, combination changing and common service malfunctions. The information presented will be useful in preparing for the PRP section L-20. ALOA members who pay the additional lab fee for the test may take the PRP L-20 at the end of the class.

David Thielen, CML, will be the instructor. He has been out a couple times in the last few years, teaching other classes and does an excellent job teaching. We look forward to welcoming him back.
